The video player shows two men sitting at a table. The man on the left, Pete Neild, is wearing a blue t-shirt and glasses, and is pointing at a document titled "THE TRIP" on the table. The man on the right is wearing a striped shirt and glasses, and is listening. In the background, there is a circular logo for the "JOHN RILEY PROJECT" and a potted plant. The video player interface includes a progress bar at 10:38 / 1:59:25, a play button, and various control icons.

This is an enhanced video of my interview with Pete Neild with additional video footage from Pete's trip provided by none other than Mr. Peter J. Neild himself. Enjoy!

Pete Neild shared his incredible adventure traveling cross country fulfilling a promise to his deceased mother. It's a story of family, childhood memories, Corvettes, America the Beautiful and the special people you meet along the way.

Pete's journey across America touched the cities and places of Poway, San Diego, Phoenix, Flagstaff, Albuquerque, Fort Smith, Bowling Green, Richmond, North Carolina, Virginia Beach, ADorrien Point, Nags Head, Lincoln RI, Bridgeport, Ithaca, Berkshires, Syracuse, Columbus, Indianapolis, St. Louis, Mississippi River, Kansas City, Dotsero, Colorado River, Grand Junction, Utah, Las Vegas and back home to Poway.

No story with Pete would be complete without discussing his Corvette Calypso. Pete shares his experience driving on the motor sports tracks at the Corvette facility in Bowling Green Kentucky, getting on the track at Watkins Glen and trying to break through at the Indianapolis Motor Speedway.

We touch on a range of other topics including windfarms, solar panel, snow in Arizona in May, Music Highway, Route 66, tornadoes, broken windshields, Super 8, Motel 6, Great Road House Tour, Route 86, Discount Tire, St. Luke's Church, "9 is fine", refusing to pay a toll, catching a tail wind, studying the data of the trip and so much more.

There are three playlists that are referenced in the Pod-Cast that can be shared:
One is complete for now, which is the planning. Two are works in progress.
And note that "TRIP OBJECTIVES" will be added in the future. That "list" may just have the same five videos that are currently in PLANNING, edited to show the objectives met. So instead of a separate list; the 5 edited videos might just be added to PLANNING.

PLANNING THE TRIP = <https://www.youtube.com/playlist?list...>

THE TRIP MUSIC = <https://www.youtube.com/playlist?list...>

THE TRIP - En Route = <https://www.youtube.com/playlist?list...>

Friends and Family recommended Music "For the Trip". As I work my way through the videos that I shot on this trip - if it has a "sound track" they will be added here over time. Most of these videos are shot with the 360 x 360 camera, starting off looking backwards (at me). PLEASE, PLEASE, PLEASE watch these on a device that you can take advantage of "looking around" and DO THAT. Each piece of music is "fit" to the scenery at the time, referenced from the Google Earth Map (in Green).
